

*Music video directed by Michele Di Salle and song written by Massimo Sigillò Massara*

SeiOttavi enter one of the most popular Italian markets to tell a story of magic, music and colour.

Under a cloudy sky a young lady walk around the streets of the town. Outside a shop she sees herself in a mirror.

Her reflection is much colorful. Curiosity draws Elisa closer to the mirror and with one touch she is in a new world, a market full of colour and strange characters...

Without realizing the passing time, Elisa's day is over and she is back in her own world... Or not?
